

Blind Squirrel Finds Acorns For Ground Rods And Rebar At Galvan Industries!

Finding all the acorn clamps you need is just that easy at Galvan.

Galvan's complete line of UL-Listed clamps includes:

- **SRC Universal Ground Rod Clamp** – Bronze alloy body with bronze or stainless bolt, fits 1/2", 5/8" and 3/4" ground rod diameters.
- **SRC-SS Stainless Steel Universal Ground Rod Clamp** Made from stainless steel, fits 3/8", 1/2", 5/8" and 3/4" ground rod diameters, plus #4, #5 and #6 rebar.
- **G-4 Hex Head Ground Rod Clamp** – Cast copper alloy body with hex head bolt, for use on 1/2" ground rods.
- **G-5 Hex Head Ground Rod Clamp** – Cast copper alloy body with hex head bolt, for 1/2" and 5/8" ground rods and #4 (1/2") rebar.

- **G-6 Hex Head Ground Rod Clamp** – Cast copper alloy body with hex head bolt, for all 3/4" diameter ground rods regardless of actual or nominal diameter.

All are UL listed for direct burial in earth and concrete and for use with copper-coated, galvanized or stainless steel ground rods. **See our print or online catalog for all the details.** We make acorn clamps easy to find and easy to buy. **Going anywhere else would be just plain nuts!**

GROUND ROD CLAMPS

SRC Universal Ground Rod Clamp

- Bronze alloy or stainless steel bolt approved for direct burial in earth and concrete
- Performs the functions of economy, standard duty, heavy duty, and extra heavy duty
- Able to withstand torque in excess of UL 467 requirements of 150 in/lb
- UL and CSA listed in US and Canada for copper coated, galvanized, and stainless steel ground rods
- RUS listed
- Made in USA

One Clamp Fits 1/2", 5/8" and 3/4" Ground Rod Diameters

Catalog Number	Ground Rod Size	Conductor Range	Master Pack	Wt. per 100	NAED UPC No. 632591-	Order Quantity
SRC	1/2", 5/8" & 3/4"	1/0 Str. - 10 Sol	100	16	613286	

SRC-SS Stainless Steel Universal Ground Rod Clamp

- Made from stainless steel
- UL-Listed and marked for copper coated, galvanized, and stainless steel ground rods
- Also for #4, #5 and #6 (1/2", 5/8" and 3/4") rebar
- UL-Listed in US and Canada for direct burial in earth and concrete
- One size fits all
- Patent pending
- Made In USA

One Clamp Fits 3/8", 1/2", 5/8" and 3/4" Ground Rod Diameters

Catalog Number	Ground Rod Size	Conductor Range	Master Pack	Wt. per 100	NAED UPC No. 632591-	Order Quantity
SRC-SS	3/8", 1/2" & 5/8" 3/4"	1/0 Str. - 10 Sol 1/0 Str. - 8 Sol	100	9	61499-3	

Note: When used with stainless steel ground rods, the wire range is #8 solid to #2 stranded.

Ground Rod Clamps (Hex-Head)

- Bronze alloy or stainless steel hardware both UL listed approved for direct burial in earth or concrete
- Cast copper alloy body with hex head bolt provides simple trouble-free connection at low cost.
- UL-Listed for copper coated, galvanized, and stainless steel ground rods
- Made In USA

Catalog Number	Ground Rod Size	Conductor Range	Sub & Master Pack	Wt. per 100	NAED UPC No.632591-	Order Quantity
G-3	3/8"	4 Str. - 10 Sol.	100 / 800	6	70706-0	
G-4*(Use G-5)	1/2"	2 Str. - 10 Sol.	100 / 800	9	70707-7	
G-5*§	5/8-1/2"	2 Str. - 10 Sol.	50 / 400	10	70708-4	
G-6*† (Use SRC)	3/4"	2 Str. - 10 Sol.	50 / 400	11	70709-1	

Notes: *-These items UL and CSA Listed in US and Canada for direct burial in earth and concrete

†-The G-6 fits all 3/4-inch diameter rods regardless of actual or nominal diameter

§- This item UL Listed for use on 1/2" and 5/8" copper-coated and galvanized rods, and #4 (1/2") rebar, buried in earth or concrete. Also RUS Listed
