Galvan's Color-Coded Ground Rods Help Eliminate Costly Errors

Galvan Electrical Products introduced the 'color-coding' of ground rod points in 2006 to help customers minimize or eliminate order fulfillment errors. Now you can tell different rod diameters apart in a single glance. No calipers required, no squinting necessary, Galvan's color-coded ground rods make your life easier.

The Galvan Ground Rod Color Profile

Copper Rods - Color Code

DIAMETER	COLOR	UL LISTED
1/2"	green	NO
